

Unity

DONOR IMPACT

Dear Friends,

As we reflect on the past year, we are filled with gratitude for the unwavering support that allows Unity to grow, innovate, and provide the compassionate care our community deserves. Every step forward — every new service, every family comforted, every barrier removed — is made possible because of donors like you.

Your generosity ensures that every patient and family we serve receives the comfort, guidance, and dignity they deserve, regardless of financial circumstances. Because of you, we continue to expand programs, enhance access to care, and honor life in the most meaningful ways.

Unity's mission has always been to create the healthcare system of the future — one that prioritizes individualized support, seamless transitions,

and compassionate presence at every stage. With your partnership, we are strengthening and evolving, ensuring that no one walks this journey alone.

Thank you for your generosity and for making this work possible. Together, we are making a lasting impact — one life, one family, one moment at a time.

With appreciation —

Alisa A. Gerke

Unity's Unique Programs

Your financial gifts make these programs possible for those facing serious illness, end-of-life, or grief.

ADVANCED CARDIAC CARE

Holistic, in-home support for patients and families facing advanced cardiovascular diseases including heart disease, heart failure, and stroke to manage symptoms, improve quality of life, and prevent emergency room and hospital visits.

GIFTED WISHES

Makes end-of-life wishes come true for Unity hospice patients. Each granted wish holds a uniquely special place in the hearts of those who receive them.

PAWS OF COMFORT

Unity volunteer pet handlers provide guided interaction with their certified therapy dogs to bring joy to patients and reduce anxiety.

COMPASSIONATE TOUCH®

Unity staff are specially trained in compassionate presence and skilled touch techniques focused on the hands, back, and feet to help ease anxiety, pain, restlessness, agitation, and depression while strengthening trust between patients and Unity care team members.

DEMENTIA CARE

Specialized, holistic care and support to improve quality of life and promote a safe environment for patients and families facing dementia and Alzheimer's.

RESPECTING VALOR VETERAN PROGRAM

Unity's Respecting Valor Program offers specialized care to address the unique set of needs veterans and their families face during serious illness and end-of-life. Personalized support includes custom care plans based on the branch and era of military service, as well as service-related illnesses and conditions. Additional support includes Veteran to Veteran Volunteer companions to assist with life review and healing, pinning ceremonies to honor service and sacrifice, and connections to VAs and County Veteran Service Offices for veteran benefits.

DOORSTEP DELIVERY

Unity arranges for medications, medical equipment, and supplies to be delivered directly to the patient's doorstep. Medicare or insurance covers the cost for those that are related to the patient's life-limiting diagnosis.

FILLED WITH LOVE

Unity volunteers hand sew memory bears and pillows from the favorite clothing of hospice patients to comfort family members after loss.

HOLISTIC HARMONIES

A personalized, music playlist created for patients based on their preferences and converted to a QR code. The code enables patients, families, friends, and facility staff to easily access and play the music at any time on a digital device to boost mood, stimulate communication, and recall memories.

REFLECTIONS JOURNAL OF LEGACY AND LIFE

A complimentary journal for patients to document and share their legacy of purpose, passions, and memories.

TELECONNECT

Virtually connects hospice patients and grief support clients to Unity care team members, as well as distant family and friends, to ensure timely care, peace of mind, and social interaction.

2025 Events
